

Order your entrance ticket for IMB 2009  
from the comfort of your office or home

Your ticket will then be e-mailed to you. You not only save time and money, but also gain direct, personal access to a wider range of information online, thus enabling you to make the best possible use of your time at the show. We can also – on request – e-mail you regular updates on IMB – World of Textile Processing – at Cologne. You can, of course, also order your catalogue and redeem entrance ticket vouchers online.

Take advantage of these benefits  
and register online immediately at  
[www.imb-cologne.com](http://www.imb-cologne.com)

#### Advance sale of tickets – save up to 34%!

Buy your ticket and register online at [www.imb-cologne.com](http://www.imb-cologne.com) now. You save up to 34%!  
Tickets may also be available from the Koelnmesse foreign representatives and subsidiaries.

#### Catalogue

The catalogue will be available at the end of March 2009. Order the catalogue online at [www.imb-cologne.com](http://www.imb-cologne.com) or directly from Koelnmesse by e-mail: [katalog@koelnmesse.de](mailto:katalog@koelnmesse.de). Within Europe the catalogue may also be available from the Koelnmesse foreign representatives and subsidiaries.

#### Entrance ticket = travel pass

You can use the entrance ticket to travel free of charge on the buses, trams and trains (2nd class) of the local public transport network (KVB and VRS). This concession does not apply to the German Federal Railway trains subject to a supplementary charge.

#### Accommodation

Book your hotel and private accommodation online at [www.imb-cologne.com](http://www.imb-cologne.com) -> Travel Service or by e-mail: [i.ening@koelnmesse.de](mailto:i.ening@koelnmesse.de) or Fax +49 221 821-3739.

Partner Hotel 

#### Book your travel arrangements online!

You can make travel arrangements at: [www.imb-cologne.com](http://www.imb-cologne.com) -> Travel Service

#### Arriving by air

You can get to Cologne quickly and easily by air from all major European cities. The exhibition centre can be reached directly from Cologne/Bonn, Düsseldorf and Frankfurt/Main airports. To book low-cost direct flights to Cologne go to [www.germanwings.com](http://www.germanwings.com)

#### Airport transfer

The suburban railway S 13 provides a speedy connection between the railway station at the exhibition centre Köln Messe/Deutz and Cologne/Bonn Airport. The journey takes only 12 minutes and, depending on the time of day, the train runs every 20 or 30 minutes.

# Find out what's happening in the industry!

## IMB 2009: Where the global players meet

### Here you can see what's important.

The world of textile processing is more varied, complex and innovative than ever before. The leading international purchasing, service and information platform for all types of technologies and services for processing flexible materials – IMB 2009 in Cologne – will provide you with the perfect overview.

It's where the "Who's Who" of the industry will present the world's broadest range of solutions for the clothing industry, the textile processing industry and for sectors that process technical textiles (automotive industry, aviation, medicine etc.).

Profit from the unique product range at IMB 2009 and stay a step ahead of the global competition.

Discover new horizons –  
We look forward to your visit!

You will find further information at  
[www.imb-cologne.com](http://www.imb-cologne.com)

### The source for those with a thirst for knowledge: the support programme.

The comprehensive support programme will provide a wealth of inspiring innovation, information and interaction with highlights:

- **IMB Forum conference** "Technology as the Backbone of the Future – Chances through Progress" and the kick-off event **Future Talk** with the title "Chances for the Future: Ecology and Sustainability"
- **Speakers' Corner**
- **2nd Innovation Award**

### The show layout with product areas

Manufacturers and dealers of technologies and services will be exhibiting at IMB 2009 in the following product areas:

<b>Halls 6+9</b>	Joining, sewing, embroidery
<b>Hall 7</b>	Distribution logistics, internal material flow, quality control
<b>Hall 7</b>	Product preparation, finishing, energy, air-conditioning, disposal, recycling
<b>Hall 8</b>	Design, cutting, CAD/CAM, IT, quality control
<b>Halls 6,7,8,9</b>	Textile machinery and machinery/processes for the production of technical textiles as well as technical textiles/materials are represented in all product areas.
